THOMAS B. REED DEAD

The Former Speaker Passed Away
in Washington.

All Day Sunday There Was a Stream
of Sympathetic Callers at the Ar-
lington Hotel Where the Body
Lay Awaiting Removal.

Washington, Dec. 8.—Thomas Brack-
ett Reed, former speaker of the house
of representatives and for many years
prominent in public life, died here ear-
ly Sunday morning in his apartments in
the Arlington hotel. The immediate
cause of death was uremia. Mr. Reed
had been confined to his bed since
Tuesday last.

At the bedside when he died were
Mrs. Reed and Miss Catherine Reed,
Mrs. Gardner, McDonald, Bishop and
Goodnow and the nurses. Mr. Reed's
mind was in such a state during the
day that he did not realize the serious-
ness of his condition.

He was cheerful and conversing with
those about his bedside. When it be-
came apparent that he would not sur-
vive his illness, the wife and daughter
were notified, and they remained con-
stantly at the bedside until the distin-
guished patient breathed his last.
With only a faint hope of saving his
life, oxygen was administered.

It was stated Saturday night that
Mr. Reed had been suffering with
Bright's disease for some time. The
illness reached the acute stage Satur-
day and furnished an additional cause
for alarm. Mr. Reed passed away
peacefully and without pain.

The remains of Thomas Brackett
Reed left here Sunday afternoon for
Portland, Me., his former home, where
the interment will take place on Tues-
day afternoon. They were placed
aboard a special train leaving Wash-
ington at 4:50 o'clock and running at
the second section of the Federal Ex-
press schedule to arrive at Portland
Monday. Accompanying the body were
Mrs. Reed, the widow, Miss Catherine
Reed, the former speaker's daughter,
Hon. Amos L. Aiken, Mr. Reed's suc-
cessor in the house of representatives,
Mr. Asher C. Hinds, Mr. Reed's parlia-
mentary clerk and wife, and Mr.
Augustus G. Payne, of New York, a
lifelong friend. At Mrs. Reed's request
there were no ceremonies of any kind
here and at Portland they will be of a
simple character.

During the entire day there was a
stream of sympathetic callers at the
Arlington hotel where the body of Mr.
Reed lay awaiting removal to the rail-
road station. They included President
and Mrs. Roosevelt, well known mem-
bers of the senate and house of rep-
resentatives and of the diplomati-
c corps. Many persons in private life
also called. Neither Mrs. Reed nor
her daughter saw any of the visitors,
who simply left their cards. It was
not generally known that the body of
the deceased would be taken from the
city Sunday and President Roosevelt
had invited Mrs. Reed and her daugh-
ter to be his guests at the white house
pending its removal, which invitation
under the circumstances they were com-
pelled to decline.

The body was enclosed in a casket
with heavy oxidized extension handles
and on the top was solid silver plate
on which had been engraved the fol-
lowing inscription:

"THOMAS BRACKETT REED
Oct. 18, 1839, Dec. 7, 1902."

The casket remained at the hotel un-
til about 4 o'clock in the afternoon
when it was brought down stairs and
lifted into the hearse, the undertaker's
assistants and the employees of the
hotel acting as body bearers. Then
without ceremony or display of any
kind it was removed to the railroad
station. On the casket rested two
floral offerings, one of them from the
widow and the other enclosed in a
long pasteboard box from Mrs. Roose-
velt. Mrs. Reed's offering was a large
wreath of violets, American beauty
roses and orchids sprinkled with lilies
of the valley, while in the box which
came from the white house were an
assortment of white and pink roses
with maiden hair ferns loosely thrown
together for use on the casket when
the interment is made.

NO OPPOSITION.

Hon. Oliver Wendell Holmes' Nomina-
tion Confirmed.

Washington, Dec. 8.—Hon. Oliver
Wendell Holmes was Thursday con-
firmed by the senate to succeed the
late Justice Gray as a member of the
bench of the United States supreme
court. There was no opposition and
the nomination was not discussed. It
immediately after the senate went into
executive session Senator Hoar, as
chairman of the committee on the judi-
ciary, made a favorable report upon
the nomination. The senate took the
case up forthwith, accomplishing the
act of confirmation as quickly as it
was possible to do so.

The Sixteen-Inch Gun.

New York, Dec. 5.—The Merritt &
Chapman Wrecking Co. fleet arrived
at Sandy Hook with the 16-inch gun
which was built at the Watervliet ar-
senal. The gun was transferred to
two cars and hauled to the proving
ground.

Killed By Falling Coal.

Johnstown, Pa., Dec. 4.—Dominick
Dunicki, aged 18, and Adam Leyans,
aged 28, miners employed in the
Berwyn-White Co.'s mine No. 31 at
Windber, near here, were instantly
killed by a fall of roof coal.

THE CREW WAS LOST.

A Schooner Dashed to Pieces at Ha-
teras Inlet.

Hatteras, N. C., Dec. 8.—The observ-
er of the weather bureau reports that
the four masted schooner Wesley M.
Oler went ashore at Hatteras Inlet
life saving station early Friday morn-
ing, during the storm. She was pound-
ing in the surf about a mile off shore
until 8:20 a. m., when the foremast
went over carrying probably the last
man. Almost immediately the vessel
went to pieces. The life saving crew
could do nothing to save the crew. No
bodies have come ashore yet.

Norfolk, Va., Dec. 6.—Reports re-
ceived in Norfolk are to the effect that
none of the ill-fated schooner Wesley
M. Oler's crew escaped. Only one
chance of a rescue is known. The
German steamer Kohn, from Bremen to
Baltimore, reported the crew of an
abandoned schooner aboard while en-
tering the capes Friday.

The three masted schooner William
D. Hilton and Melville Phillips, together
with several smaller craft, were blown
ashore in the harbor and lower bay
on Friday morning's gale. The steam-
er Underwriter, which was towing the
Oler from Nassau, has not been heard
from and fears are entertained that
she foundered in the gale. The crew
of the schooner Ida Lawrence aban-
doned that vessel in a rudderless con-
dition off Hatteras early Friday morn-
ing and were rescued with the great-
est difficulty by life savers.

Cape Henry, Va., Dec. 6.—Capt. Lan-
greuter, of the German steamer Kohn,
bound from Bremen to Baltimore, ac-
cused the vessel passed this station
on Friday morning's gale. The crew
of the schooner Ida Lawrence aban-
doned that vessel in a rudderless con-
dition off Hatteras early Friday morn-
ing and were rescued with the great-
est difficulty by life savers.

Newport News, Va., Dec. 6.—The ter-
rible storm of wind and rain that
struck this section early Friday morn-
ing was the most destructive known
in Hampton Roads in some time. One
life was lost and numerous boats have
been torn loose from their moorings
and beached. Others firmly anchored
have been filled and sunk.

The only victim known so far is a
colored man who was drowned near
Minch's store in Warwick county.

DENNY FOUND GUILTY.

The Millionaire Brewer of St. Louis
Convicted of Perjury.

St. Louis, Dec. 6.—After two days
of trial Charles J. Denny, millionaire
brewer and director of the Suburban
Street Railway Co., formerly a mem-
ber of the house of delegates, charged
with perjury in connection with the
suburban bill boodle deal, Thursday
night was found guilty and his punish-
ment fixed at two years in the peni-
tentiary. The only defense offered by
Judge Krum, attorney for Denny, was
testimony in behalf of the defendant
may have had information that \$75,000
had been placed on deposit in the Lin-
coln Trust Co. to be paid out for votes
for the passage of the suburban bill;
he had no positive knowledge of it
and therefore did not commit perjury
when he told the grand jury he had
no such knowledge. Then followed an
argument on the difference between
knowledge and information.

Circuit Attorney Folk, in closing for
the state insisted that Denny did know
absolutely that the money had been
deposited and therefore perjured him-
self before the grand jury in his deni-
tal. The case went to the jury shortly
after noon.

MUST HAVE A LICENSE.

A Man Who Gives a Drink to a Friend
Violates the Law.

St. Paul, Minn., Dec. 6.—A man who
gives a drink to a friend is violating
the law unless he has a license. This
is the substance of a decision render-
ed by the state supreme court Friday
in the case of the state in the matter
of Harry Krebs, relator, against Frank
Jones, village marshal of Perham,
Minn. Krebs, as agent of a St. Paul
liquor firm, gave a prospective cus-
tomer in the village several sample
drinks of liquor. He was arrested be-
cause he had no license and bound
over in \$200 bail to the next grand
jury. He brought habeas corpus pro-
ceedings to the supreme court to get
out of jail, as he could not get bail.
The supreme court, however, decides
that Krebs must remain in jail.

BACTERIA IN CHERRIES.

Twelve Million Inhabit the Skins of
Half a Pound.

Washington, Dec. 6.—Two million
bacteria inhabit the skins of a half
pound of cherries, according to Dr.
Ehrlich, a German scientist, who has
made extensive experiments in regard
to the infection of fruit with bacteria.
Currants come next with 11,000,000 to
every half pound, and grapes next
with eight million. An account of
these experiments has been transmit-
ted to the state department by United
States Consular Clerk Murphy, at
Frankfurt. Dr. Ehrlich urges that all
fruit be cleaned, by either peeling or
washing before it is eaten.

To Increase the Personnel.

Washington, Dec. 6.—The house
committee on naval affairs instructed
the subcommittee on organization,
rank and pay to formulate a provision
to increase the personnel of the line
officers, naval cadets and marine
corps.

After Corbett-McGovern Fight.

Detroit, Mich., Dec. 6.—The Metro-
politan Athletic club of Detroit has
agreed to put up a forfeit for the
"Young" Corbett-McGovern fight for
January 3. The proposition will be ac-
cepted.

THE ARBITRATORS.

The Mine Workers Are Still Pre-
sents Their Side.

Commissioners Do Not Desire to Un-
necessarily Hurry One But
Feel That All Should Hurry
Work Rapidly As Possible.

Scranton, Pa., Dec. 8.—It is expected
that the mine workers will continue
all of next week in presenting to the
anthracite coal strike commission
their side of the controversy with the
coal operators. The miners have con-
tinued 13 days thus far in presenting
their testimony, and expect to take
fully as much more time. While no
one positively knows, it is estimated
that the employees will take about ten days
to submit the information they de-
sire the commission to have. It is
probable the commission will adjourn
for Christmas about December 23.

The commission Monday will ask
the attorneys for both sides to pre-
pare the figures they already have pre-
pared, so that the arbitrators can
study them. If they are not exactly
the kind they want, the commission
will ask for additional figures, and
will again request those who are not
yet ready to present their figures, to
make an extra effort to expedite the
work of computation.

The commission has no desire to
unnecessarily hurry any one, but feels
that all interested should work as rap-
idly as possible. Some time has been
wasted in the hearing of testimony
because of the wide range it has taken.
While members of the commission
admit the irrelevancy of some of it,
they are loathe to curtail the privileges
of the contending parties because they
do not wish to have any one make
complaint that they were shut out
from giving information. The arbitra-
tors are daily receiving letters
from persons residing in all parts
of the country, in which the commis-
sioners are advised how to set in the
present investigation.

No attention is paid to any of the
letters. A great number of the com-
munications, nearly a majority of
them, make pleas for the protection
of the non-union men.

DIED OF YELLOW FEVER.

Consul General Thomas Nast Passed
Away in Guayaquil, Ecuador.

Guayaquil, Ecuador, Dec. 8.—Consul
General Thomas Nast died Sunday at
noon after three days' illness from yel-
low fever. He was interred at 5
o'clock Sunday afternoon. The funeral
was attended by the governor, the con-
sular corps, the American colony and
by many friends. The coffin was wrap-
ped in the Stars and Stripes. The
British consul recited a prayer in the
cemetery. The death of Mr. Nast is
deeply lamented by the natives, who
held him in high esteem.

New York, Dec. 8.—Thomas Nast
was appointed consul general at Gua-
yaquil this year, leaving New York for
his post July 1. He was born in Lan-
dau, Bavaria, September 27, 1840, and
came with his parents to the United
States six years later. As a caricatur-
ist and cartoonist he became famous.

BARRY JOHNSTONE DEAD.

Last Monday He Shot Himself After
Killing Actress Kate Hassett.

Philadelphia, Dec. 8.—After being
in for nearly a week, Barry Johnstone,
the actor who last Monday night shot
himself after killing Kate Hassett, a
member of Keith's Bijou theatre stock
company, died Sunday at the Hahnemann
hospital. Death resulted from
peritonitis. At Johnstone's bedside
when he died were his two sisters and
two brothers, his mother having re-
turned to her home in Syracuse, N. Y.,
Saturday. The actor's body was sent
to Syracuse Sunday afternoon for bur-
ial. Kate Hassett's murder and John-
stone's suicide were the result of the
man's insane jealousy.

A CUSTOMS RULING.

Chinese Residing in the United States
May Enter the Philippines.

Manila, Dec. 8.—Customs Collector
Shuster rules that Chinese residing
in the United States may enter the Phil-
ippine islands. His decision says:
"All Chinese legally resident in the
mainland territory of the United
States is entitled to enter the Philip-
pines, irrespective of class or occupa-
tion, provided that he comes by a rea-
sonably direct route and uses due dili-
gence in coming."

Left Without Water Supply.

Nebraska City, Neb., Dec. 8.—A sud-
den shifting of the main channel of the
Nebraska river to the Iowa side has left
this city without a water supply. Sun-
day night the water works were drain-
ed and every basin was empty. The
electric light plant is shut down and
the streets are dark.

Not Told of Her Mother's Death.

New York, Dec. 8.—Mrs. Anna
Koerber, mother of Marie Dressler, the
actress, died at her home in Bay Side,
L. I. So critically ill is the actress
in this city that it was necessary to
withhold from her the news of her
mother's death.

New Minister Named.

Guayaquil, Ecuador, Dec. 8.—Alfredo
de Baqueriz Moreno, at present sec-
retary for foreign affairs, has been ap-
pointed minister to the United States
from Ecuador. He probably will leave
here next week for Washington.

AN ISLAND IN DISPUTE.

Venezuela and Great Britain Claim
Ownership of Patos.

Washington, Dec. 8.—In Venezuela's
"yellow book" for 1901, a copy of
which has been received in Wash-
ington recently from the foreign office
at Caracas are the exchanges between
the London and Caracas governments last
year in regard to the ownership of
Patos island, which has been in dis-
pute between the two countries for
many years. Significance attaches to
this correspondence in view of the ap-
proaching crisis between Venezuela
and Great Britain, as it is not improb-
able that in the settlement of the
claims of British and German citizens
against Venezuela the Patos dispute
will also be involved. Reopening of
the Patos question was caused by the
action of the Venezuelan gumbao Au-
gusto in January, 1901, in capturing
certain British subjects on the island.
When the Caracas authorities were
called to account by the London for-
eign office the former replied by re-
voking their long-standing claim to
Patos and a diplomatic controversy
extending throughout the year was
the result.

Venezuela bases her claims to the
island on its proximity to the coast of
Carriatia, from which it is distant only
three miles, claiming that it is a reef
of international law that a country
commands waters within a marine
league of its coast; that the interna-
tional law has defined the territorial
sea as six miles, whereas the island
of Patos is more than ten miles from
Trinidad, the nearest British possession.
Further, that the treaty of March, 1845, explicitly
confirms the title of Venezuela over the
islands near her coast which were
under the dominion of Spain in the
initiative period of Venezuelan inde-
pendence.

In support of this contention the
Venezuelan authorities produce a let-
ter from the royal Spanish minister
for state in 1873, in which he denies
that royal sanction ever was given to
the concession alleged to have been
made to the Ayuntamiento of Trin-
idad by the governor of Patos, Huénoa
and Monos.

Great Britain advanced the con-
tention that when she conquered the
island of Trinidad, in 1797, sovereignty
over Patos also was obtained and so
recognized by the Madrid government;
that Patos has remained in the peace-
ful possession of Great Britain for
more than a century, during 70 years
of which time Venezuela advanced no
counter claim, and that the official
map of Coladzi colors the island of
Patos the same as Trinidad, indicating
that both belong to the same country.

Being unable to agree on even the
minor points of the controversy, the
British minister near the close of last
year informed the Venezuelan foreign
office that he would make no further
representations in the matter, as there
was nothing to be gained in continu-
ing the correspondence. It is under-
stood that President Castro will ask
that the question be settled by arbitra-
tion, a proposition to which the
British government will hardly accede.
In view of its contention that the own-
ership of Patos is so clearly British
as not to furnish a suitable subject for
arbitration.

A NEW DEPARTURE.

American Machinists Working in Mex-
ico Will Be Paid on a Gold Basis.

Eagle Pass, Tex., Dec. 8.—The
machinists in the shops of the Mexican
International at Ciudad Porfirio Diaz
have been notified that from December
1 they will be paid standard American
wages on a gold basis; the machinists
will get \$2.20 and the boiler-makers
\$3.50 per day in American money or in
Mexican silver at the average rate of
exchange for the month in which they
work. This is an entirely new depart-
ure in Mexican railroading and was
caused by the fact that Americans
could not be held at the old rates. The
advance applies only to Americans.

BURIED IN HER WEDDING GOWN.

A Girl Dropped Dead While Serving as
a Bridesmaid.

Bloomington, Ill., Dec. 8.—An un-
usual ceremony was carried out here
Sunday at the funeral of Miss An-
gusta Rueger, who dropped dead while
serving as bridesmaid at the wedding
of a girl friend, and who was to have
been married herself next Wednesday.
Miss Rueger was buried in the dress
that was to have been her wedding
gown, and her body was escorted to
the grave by the three young women
and the three young men who had
been chosen for the bridesmaids and
groomsmen at her wedding.

DOINGS IN CONGRESS.

The House Passed the Bill to Pay
Expenses of Strike Commission.

The Bill to Amend the Immigration
Laws and Statehood Bill Were Un-
der Discussion—President's Mes-
sage Read in Both Branches.

Washington, Dec. 4.—Senate.—The
senate Wednesday began the real
work of disposing of the business be-
fore it although the session lasted only
an hour and a half, when an adjourn-
ment was taken at 1:55 o'clock out of
respect of the memory of Representa-
tives De Graffenreid and Sheppard, of
Texas. The bill to amend the immi-
gration laws was under discussion.
Early in the day Mr. Nelson, from the
committee on territories, reported a
bill to substitute for the omnibus statehood
bill with the recommendation that Ok-
lahoma and Indian territory be admit-
ted in the union as one state under the
name of Oklahoma. When the immi-
gration bill was brought up Mr. Quay
precipitated a discussion over the
status of the statehood bill, which was
terminated by a ruling from the chair
that beginning on December 10 it
would be the unfinished business and
it would be laid before the senate unless
displaced by a vote of that body.

House.—The house Wednesday passed
the bill to appropriate \$300,000 to de-
fray the expenses of the anthracite
coal strike commission and then ad-
journed until Friday, when the London
dock charge bill will be considered.
There were two hours of discussion
on the commission bill during which
the president's course in creating the
commission was highly commended,
except by Mr. Burton, a Missouri dem-
ocrat, who contended that the commis-
sion was created without authority of
law or constitution. There was some
criticism of the feature of the bill al-
lowing double salaries to members of
the commission now in government
employment and also because the bill left
the amount of compensation of the
members to the president.

Washington, Dec. 5.—Senate.—The
senate was in session Thursday one
hour and five minutes, most of which
time was spent behind closed doors.
After the reception of a number of bills
and petitions, and the adoption of a
concurrent resolution, calling on the
president for the papers in the Pious
fund case recently arbitrated before
The Hague tribunal, Mr. Beveridge
had read the resolutions adopted by the
delegates to the Oklahoma and In-
dian territory convention favoring the
admission of Oklahoma and Indian ter-
ritory as one state and opposing the
house omnibus statehood bill. The
senate then went into executive ses-
sion and at 1:05 adjourned until Mon-
day.

Washington, Dec. 6.—The house de-
bated Friday to bills on the private
calendar. The most important bill
passed was one to adjudicate in the
court of claims the claims of certain
importers of steel blooms who between
1879 and 1882 paid customs duties
equivalent to 45 per cent, ad valorem
when it is claimed the correct rate
should have been 30 per cent. About
\$250,000 is involved. A bill to pay
Smithwick & Peitz, architects of the
congressional library, \$50,000 addi-
tional compensation was defeated. A bill
was passed authorizing the following
persons to accept presents and decora-
tions from foreign governments: Capt.
B. H. McCall, U. S. N.; Drs. Eugene
Wasselin and H. B. Geddings, U. S. M. H. S.;
Henry E. Alford, W. A. Taylor,
H. W. Wiley, M. A. Carleton and John
I. Shulte, of the department of agricul-
ture; John A. Okerman, of the Missis-
sippi river commission; Casper S.
Crownshield, United States commercial
agent, Miss Anna Tolman Smith and
Lieut. Col. F. P. Phipps.

THE CHINN MURDER.

Whitney Found Guilty and Punishment
Fixed at Death.

Lexington, Ky., Dec. 5.—Earl Wait-
ney, charged with the murder of Mer-
chant A. B. Chinn, took the witness
stand here Thursday morning in his
own behalf. The crowd was so large
that Judge Parker ordered the doors
to the court room locked. Whitney
was still on the stand at noon. He
was made to go over the entire story
which he told once before to the de-
fenses. He attempted to lay the
blame for the death of Mr. Chinn upon
O'Brien, the Memphis boy, who was
with him, and appears to have been
an adept in the art of burglary. He
said he had the 32 cheap-brand revol-
ver, and it would not fire, while O'Brien
carried the revolver they found in
the Slade residence, with which he
shot Mr. Chinn. Whitney went into
minute details of the tragedy, describ-
ing not only the killing of the mer-
chant, but the battle in the hallway
with Asa Chinn, during which he was
shot in the leg and young Chinn re-
ceived several wounds.

After being out an hour the jury in
the case of Earl Whitney, of Nashville,
Tenn., brought in a verdict of guilty,
and fixed his punishment at death.
Only two ballots were taken, the first
being 11 for hanging and one for life
imprisonment.

Claude O'Brien, of Memphis, another
youthful burglar who was with
Whitney, October 11, entered the
house of Merchant A. B. Chinn, and
who, Whitney has protested, fired the
fatal shot into Mr. Chinn's body as he
sat up in bed, will be placed on trial
Friday.

FILED A WRIT OF ERROR.

Ex-Banker McKnight Attempts to Se-
cure a Reversal of Judgment.

Louisville, Ky., Dec. 6.—Having fail-
ed in his attempt to secure a pardon
from President Roosevelt, J. M. Mc-
Knight, former president of the de-
funct German national bank of this
city, who has been convicted four
times in the federal court on the
charge of embezzling the funds of the
bank, filed in the office of the clerk
of the United States court here Friday
a writ of error and an assignment of
errors to be presented to the United
States circuit court of appeals. The
action was taken in order to secure if

SPENCER COOPER, : : : Editor.

HAZEL GREEN, KY.

THURSDAY, : : Dec. 11, 1902.

WASHINGTON CITY.

Editor HERALD: In the heart of nearly every American there smoulders an ambition to serve his country. Some choose the army, and midst "war's alarms" achieve fame and glory. Others, endowed with the gift of gab and the knack of telling a good story break into congress, where, if they have other accomplishments beside the two mentioned serve their country honorably and well.

But it is not of these that I would write, but rather of that great army who serve their country in peaceful, if not primrose paths—the man with a federal job.

In the classified service alone there are about 80,000 positions, and most of these places are in the various departments here in Washington.

These places are apportioned to the several states according to population, and it would, perhaps, be interesting to your readers to know how Kentucky fares and what per cent of her quota she has received.

Under the census of 1900 Kentucky is entitled to 215 places in the departmental service, and has received, through competitive examination, reinstatements, etc., since 1883, 190 places, and has at this time in the service 154 places, or a little more than 71% of her quota.

In the government printing office under the appointment plan, Kentucky was entitled to 72 places, and had received 42, or a fraction more than 58%. Under a recent ruling of the Civil Service Commission, however, the quota of a state is no longer considered in the government printing office, appointments being made according to the ratings of those on the eligible register, those standing highest being certified for appointment first, regardless of the per cent of appointments a state has received.

The Tenth Congressional District has five appointees in the G. P. O.—Charles Nelson and Tom Waterman, of Clark; and J. N. Vanarsdell, George Schorn and myself from Montgomery. I suppose many of your readers will remember young Vanarsdell's father, the late Judge Vanarsdall, of Menefee.

Clerks in the departmental service receive salaries ranging from \$600 to \$1200 per year, and receive in addition to the 30 days annual leave with pay and 30 days sick leave. Their hours are from 9 a. m. to 4 p. m.

Compositors in the printing office are paid 50 cents an hour, eight hours constituting a day. They also receive 30 days annual leave with pay, but no sick leave.

A great many young men who come here avail themselves of opportunities presented to fit themselves for various callings and professions, and take up the study of law or medicine, or dentistry, etc. The physician who practices in my family formerly set type for the government. He now has an enormous practice, and has become so eminent as a surgeon that a work he issued on surgery is now a recognized authority and is used as a text book in all first-class surgical colleges.

Another eminent gentleman who has risen from the printers' case is Attorney Ralston, who was the government's counsel in the Pious Fund case, recently tried before the Hayne tribunal. A few years ago he was setting type for Uncle Sam.

Hon. John W. Langley, of your district, the capable and clever disbursing officer of the census office, also took advantage of opportunities presented to him here, and graduated from the Columbian Law School with high honors.

Another gentleman, and a Kentucky gentleman at that, who is achieving success as a novelist, and who still sets type for Uncle Sam, is H. S. Sutton, of Frankfort, author of "Rhoda Roland, a Woman from the West." His novel was first published as a serial in a local paper, and attracted such favorable comment that Mr. Sutton was induced to put it into book form.

There are many others who have achieved fame and fortune who used a federal job as a stepping-stone to higher things. I do not mean to say that a federal job is essential to start a man up fortune's ladder—from it—but I do say that a young man working for the government here has opportunities that do not come to all young men, and that by combining them with industry and ambition he may lay the corner-stone of future greatness.

Examinations for positions in the classified service are held at some central point in the states twice a year—in the spring and in the fall. The commission issues a manual giving all information necessary, which can be had on application to the Civil Service Commission at Washington. The bureau or schools advertising special information to applicants are fakes, as the commission furnishes all information necessary, and the manual contains examples of the

Here is an interesting state of affairs existing between handwriting experts. It seems that Daniel F. Ames, of California, and W. S. Kinsley, of New York, had formed a handwriting trust. Ames was called in the second Molineux trial and served 21 days at \$50 a day. Kinsley now claims that Ames refuses to divide the fee of \$1,050, and asks that payment be stopped until the western man comes to time. Handwriting testimony has been so much exposed in recent trials that intelligent jurymen will refuse to consider it at all hereafter.

With the West Liberty Bank.

The many friends of Tommie Daniels will be glad to hear that he is acting in the capacity of assistant cashier to Mr. Archibald, cashier of the West Liberty Bank, West Liberty, Ky., and Tommie will very much appreciate their friendship if they will extend it materially. This they can do with profit to themselves and pleasure to Tommie. For instance, if all his friends who have a little idle capital will deposit the same with his bank it will aid him very much toward climbing the job he is now holding and tend to his promotion in the sweet subsequently. Tommie Daniels is one of the most polite and affable young men in this section of the state; free from the petty vices of many young men, and with it all carries an education obtained at our own Hazel Green Academy. Thus equipped he should succeed, and he asks his friends to empty their old socks of the wealth there stored and send all their spare money to the West Liberty Bank for safe deposit.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo. Sick stock of poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless food. Unload the bowels and stir up the torpid liver and the animal will be cured, if it is possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

Has Begun Improvements.

Mr. Rittenhaus, who recently purchased the Swango spring and 30 acres of land adjoining, was here this week contracting for lumber, stone, etc., and to get carpenters to erect his new hotel, which will be 40x60 feet, three stories and basement, the latter of concrete. The hotel will be fitted with all modern conveniences, and the table fare equal to that of any health resort in the state. He has contracted for a porcelain-lined vat that will hold five barrels, and in this he will be able to save a vast quantity of water that heretofore went to waste. Mr. Rittenhaus talks like a man who means business, and it is safe to say that he will revolutionize things at this already famous health resort. He says the effects of the water in his own case more than anything else induced him to invest in the purchase of the spring, and now that he has it he proposes to make it an inviting resort for all who are broken down in health. He hopes to have the hotel complete for the reception of guests by the opening of spring, and when he opens it he will be prepared to accommodate as many as may come at any one time.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continued recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their trouble if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by J. Taylor Day, Hazel Green, and S. S. Combs & Sons, Campton. Price 50c. and \$1.00. Trial bottles free.

An Oil Town Years Ago.

Pithole City in 1865 was next to Philadelphia the largest postoffice in Pennsylvania. In 1881 fields of maize and timothy covered ground where some of the most famous wells had been, and in the city scores of houses were tumbling to decay, and not an inhabitant.

A Frightened Horse.

It behooves everybody to have a reliable salve handy and there is none as good as Bucklen's Arnica Salve. Burns, cuts, sores, eczema and piles disappear quickly under its soothing effect. 25c. at J. Written for THE HERALD. AN OREGON APRIL DAY.

BY EDITH LISK.

First the sunshine, then a shower; Falling softly on grass and flower; Leaving rain-drops when it is done, [sun. That sparkle and shine 'neath the glowing The fragrance of blossoms filling the air; Drowsing here, drowsing here and there, Gathering riches from every flower. Headless of wind or gentle shower. The odor of honey on every breeze; Songs of birds from the leafy trees; Buttercups nodding, wherever we pass, And daisies peeping from out of the grass. The sparkling brook goes dancing along, Murmuring softly its own quaint song. Down in the meadow, the bright green clover Dandelions scattered the hill-sides over. Freshness and beauty all around, From the arching sky to the dewy ground; This is the kind of an April day That I think as pleasant as one in May. Myrtle Point, Oregon.

All subscribers to THE HERALD on or before Jan. 1, can have Courier-Journal sent them to Jan. 1, 1904, by remitting 30c extra. Mrs. Lou Day, mine big-hearted hostess of the Day House, has the thanks of the editor and his better seven-eighths for a bountiful mess each of sausage and sparerib sent us Friday. And apropos, we are indeed glad to note that she is now able to get about a little with the aid of a crutch. Her limb is still in a plaster casing, but Dr. Center, her physician, has sent for and will apply a heel brace, after which he thinks she will be able to walk as well as ever.

What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago, how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine.

The many friends of Uncle Hugh in this section will regret to hear of his death at Richmond, Ky. A dispatch from that place on the 3rd inst., says: Hugh Coldiron, a Confederate veteran, who has been running over the country for some time, fell dead while sitting in a chair in a restaurant here. A permit to the Pewee Valley Confederate Home was found on his person.

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

A Home Oil Company.

Articles of incorporation of the Wolfe County Oil and Gas Company were filed with the county clerk here last Monday. The promoters of the organization are J. H. Stamper, Jr., president; C. C. Fuls, vice-president, and A. F. Byrd, secretary and treasurer, all of Campton. The capital stock is \$100,000, one-half of which has been paid in, the remainder being offered for sale at 50c per share. The company owns 10,000 acres of oil and gas leases in the best territory in this county, and will begin operations as soon as machinery and drillers can be procured. This town lies directly on the famous "45 degree" oil line, running from Monticello, Wayne county, Ky., to Parkersburg, W. Va. Oil specialists regard Wolfe county as the most desirable undeveloped territory in Kentucky on account of its location and numerous surface indications of oil.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. It cures Coughs, Colds, Lagrippe, Bronchitis, Pneumonia and all Throat and Lung trouble. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs.

Hazel Green Oil and Gas Co.

The oil excitement has struck our town and there was talk this last week of organizing a company to purchase an outfit and bore for the precious petroleum in this immediate vicinity. There is absolutely no question of the existence of oil here, and that, too, in vast quantities. Whenever a well is put down the fact will be demonstrated to the satisfaction of all and with profit to those who put their capital in the enterprise. Since the above was put in type it is learned that E. F. Cecil, O. W. Cecil, E. T. Cash, J. B. Davis, W. O. Mize, Wm. H. Cord, R. J. McLin and J. M. Rose comprise the company, and as soon as enough land can be leased machinery will be bought and a well drilled.

Burglars broke into the storehouse of W. T. Caskey, of this place, on Tuesday night last and helped themselves to clothing, notions, shoes, &c. Mr. Caskey is yet unable to state the exact loss he has sustained, but is pretty sure nothing in the postoffice was disturbed. Entrance was gained by prying and breaking open the back door. This is the fourth time this store has been burglarized.
